

RX 2 / RX 4

Air pressure multiplier

Datasheet, 15.06.2021, V1

 Engineered and made in Switzerland

Useful for compressed air networks
with limited pressure

Machine functions

- Multiplies the air pressure by 2 or by 4
- Very simple to use

Technical specifications

| | <i>RX 2</i> | <i>RX 4</i> |
|------------------------------|--------------------|--------------------|
| Maximum inlet pressure : | 10 bar | 10 bar |
| Maximum outlet pressure : | 20 bar | 30 bar |
| Adjustable outlet pressure : | No | Yes |
| Weight : | 9kg | 7.3kg |
| Dimensions (l/d/h) : | 400 x 150 x 300 mm | 300 x 150 x 340 mm |
