

RX2 & RX4

Air pressure multiplier

Datasheet, 02.06.2023, V1.1

 Engineered and made in Switzerland

Useful for compressed air networks
with limited pressure

Machine functions

- Multiplies the air pressure by 2 or by 4
- Very simple to use

Technical specifications

	RX2	RX4
Maximum inlet pressure :	10 bar	10 bar
Maximum outlet pressure :	20 bar	30 bar
Adjustable outlet pressure :	No	Yes
Weight :	9 kg	7,3 kg
Dimensions (l/d/h) :	400 x 150 x 300 mm	300 x 150 x 340 mm
